For some reason, white tennis shoes seem really relevant to this book. But reading about the native South American civilisations, seethed in the blood of human sacrifice on a truly industrial scale, I begin to wonder if our current excusing of this as charming cultural practices is as patronising as the previous attitude of dismissal; maybe - and I say this with hesitation - maybe not all cultures are equal; maybe some cultures should be destroyed.

Human Trafficking: A Complex Phenomenon of Globalization and Vulnerability

This strategy gave access in four steps to the desired pulvinones.

The Biology of Nematocysts

Like how the psychology of a fighter can be applied to something completely different. The planet is as finite in his biological resources as in everything else, and we have to get to a level of exploitation below renewable rates.
