Biofluid Mechanics

However, it is not obvious that the same activities could be safely or successfully carried while people are wearing an HMD, which not only obscures their vision of the real world but may also lead to a degree of nausea - which is all the more likely to occur while moving through virtual space. They and their dumbed-down minions - I am referring to the overwhelming "see no evil, hear no evil" masses of people in society - can be expected to quickly jump to the attack and attempt to deny it all.
